

Dear Residents:

The LIRR Expansion Project, one of the region's most significant transportation infrastructure projects, is now underway throughout communities along a nearly ten-mile stretch of mainline track from Floral Park to Hicksville.

While this initiative is vitally important to Long Island, we know it will cause disruption and inconvenience in your community during its construction phase.

In an effort to minimize its impact on your quality of life, the project's construction team has implemented an outreach effort entitled "The Ambassador Program." You now have your own point-of-contact who can provide you with the latest information on the project, and of equal importance, can quickly address your questions and concerns.

As activity begins in your community and along the right-of-way, we wanted to take this opportunity to introduce you to your Community Ambassador and provide our contact information.

For up-to-date information on the project, please visit our recently launched website at www.LIRRExpansion.com. If you have additional questions or would like schedule a meeting, please email us at communityoutreach@LIRRExpansion.com or call the project's **24-hour Hotline** at **516.203.4955**.

We understand that a construction project of this size may be challenging at times, but it is our responsibility to communicate with you throughout this project so that you may be informed and have your questions answered as promptly and completely as possible. Thank you for your patience and understanding. We look forward to serving you and getting to know your community.

Respectfully,

Your 3rd Track Constructors Project & Community Outreach Managers

Travis Brennan

William Miller

Your New Hyde Park and Floral Park Community Ambassadors

Judy White

Camille Koorey

Your Garden City and Garden City Park Community Ambassadors

Katherine Heaviside

Andrew Kraus

Your Mineola, Town of North Hempstead, and Town of Oyster Bay Community Ambassadors

Gary Lewi

Seth Sylvan

Your Westbury and Carle Place Community Ambassador

Margo K. Cargill

A better commute • Less congestion • Cleaner Air • Safer, quieter crossings
Station improvements & parking • Better jobs • Stronger economy • Noise reduction
